This here will be a fun, easy drive to Harris Ranch for some proper beef or other food of yer choosin'. After gatherin' up, we'll caravan west and then take the ol' Westside Highway 33 north to Blackwell's Corner Mini Mart for a short pit stop. There are all kindsa snacks, sundries, collectibles, and other stuff to look at or buy there. We'll then saddle up and head to a place where steam locomotives used to get coal: "Coaling Station A", or "Coaling A"...now called the town of Coalinga. We will visit the R.C. Baker Museum, home to a variety of historical items to peruse (entry is free, but they accept donations). There's even a restored, old-timey service station and they'll be lettin' us take our steeds through one at a time for a photo opportunity. We'll then head out to Harris Ranch Restaurant (\$16+, menu at www.harrisranch.com). This hacienda-style eatin' spot is famous for its beef. We'll disperse after lunch and ya'll can head home or to the nearby Tachi Palace Casino first if yer feelin' lucky.
