

## CORVETTES OF BAKERSFIELD

# Leap Year Day Poker Chip Run

You don't have to know how to play poker to participate. You simply draw poker chips at each stop along the run and we mark your scorecard. After the last draw at the last stop we will assign values to the chips. The person with the highest value scorecard wins. We will travel in a caravan about 60 miles total, so have plenty of fuel and check your fluid levels and tire pressures. We will make a couple of stops, then have lunch. Lastly, we will for stop ice cream and announce the winners of the poker chip run and 50/50 drawing.
